

2010, at *AERS* ...

... it happened a lots of things again!

## The team expanded...

*Photomontage*

We are yet 5 employees and receive often temporary people who bring us new ideas, and vice versa!

Also the office!

And 2011?

2011, *ASRS* will celebrate  
its 10th anniversary...

... with retrospectives of last 10 years!

Several webinars (seminars on the web) throughout the year, about the themes of work *ASERS*.

Pending invitations to the webinars, the team wishes you lots of good things for the coming year.

Could this year be full of discovery and hopeful, for reducing our environmental impact and improve our living environment.

Save energy, be efficient, responsible and ... remember to be happy!

***Happy new year!***
